- **Available in: 4 L (1.06 US gal) or 20 L (5.28 US gal)**

pH: 2.2
Dilution Ratio: Ready to Use

ONE SOLUTION FOR YELLOWING AND BROWNING SITUATIONS

DIRECTIONS FOR USE:
Pretest in an inconspicuous location for color fastness and fibre stability.

Do not dilute, use full strength. After carpet has been cleaned apply to effected areas using a pump-up or electric sprayer. Apply in a uniform mist, thoroughly wetting the carpet pile. Using a mechanical brush or carpet groomer, work Yellow Out in by agitating in two directions. Do not rinse. Wet vacuum any excess Yellow Out from carpet and force dry the treated areas using air movers. After carpet is dry, vacuum using a beater bar power head.

NOTE: Do not mix Esteam Yellow Out with any other chemical product.

Keep this product out of reach of children. Read the Material Safety Data Sheet and the Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.
