28

Times per second!

The Orbot generates thousands of orbits that clean around each fiber 28 times per second.

ORBOT SprayBorg Features:

HOS Compact System – Orbot folds down to 30" in height which makes the machine easy to transport and store.

HOS EasyFlip Base – Base flips up for quick and easy pad changing.

HOS Pad-Driver Sizes – The 17" Orbot can quickly and easily be converted up to 23" machine. One machine fits all driver options.

HOS Big Wheels – Orbot comes with jumbo 10" wheels for conquering any type of staircase, steps, curbs, holes, and other obstacles in its path.

HOS Baby Weight – Orbot weighs in at only 82 lbs.

HOS Vertical Handle – Vertical handle grips for easy operation and lower back stress relief.

HOS Motor – Orbot has a powerful 1 horsepower universal 110V/60 Hz. – 220V/50 Hz. motor that generates 1725 oscillations per minute.

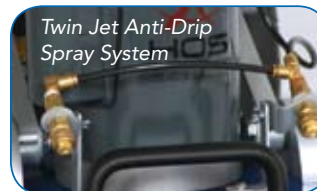

HOS Tough USA – Orbot is made industry tough 100% in USA.

HOS Quick Connect Cord – Orbot comes with a quick connect cord system for easy cord removal.

HOS Thumb-Touch Control Button System – Orbot turns on, off, and sprays right at the tips of your thumbs.

HOS Velcro Driver Plate System (VDP) – Velcro Driver Plates can be removed and replaced with a new Velcro plate within seconds if it ever gets worn out.

HOS Smooth-Glide System – Use the HOS Gliders to make cleaning that much easier than it already is. They also help in cleaning shag carpet and other types of fragile carpets.

HOS SprayBorg 3-gallon Cartridge Bottle System – Change out premixed solution bottles in seconds. Eliminates spills and reduces overall weight of machine for lifting and storage.

HOS SprayBorg Flow-Control System – Control the GPM flow rate on the SprayBorg. Settings can range from a dribble up to 1 gallon per minute - you decide!
